# About your instructor

- I'm moving to Monash University starting January 2020
- I teach R at university courses as well as use it daily for research and hobby
- If you ever wonder who answers those stackoverflow questions, I'm one of those magic fairies

- My main statistical application is agriculture and bioinformatics; these days I do more software

**Annie Conway**

*Biometrician*

Biometry Hub

School of Agriculture, Food and Wine

The University of Adelaide

## Meet Annie!

- I've been working as a biometrician for one year in the Biometry Hub
- I'm interested in multivariate and high dimensional statistics, experimental design and linear mixed models.
- I've had previous experience teaching "Intro to R" to agronomy researchers

# Introduce yourself to someone you don't know!

Find out their name.

What profession.

What they want to learn.

What's their hobbies.

Are they going to the conference?
